PROFESSIONAL COMFORT + SAFETY

ONE HAND MANIPULATION

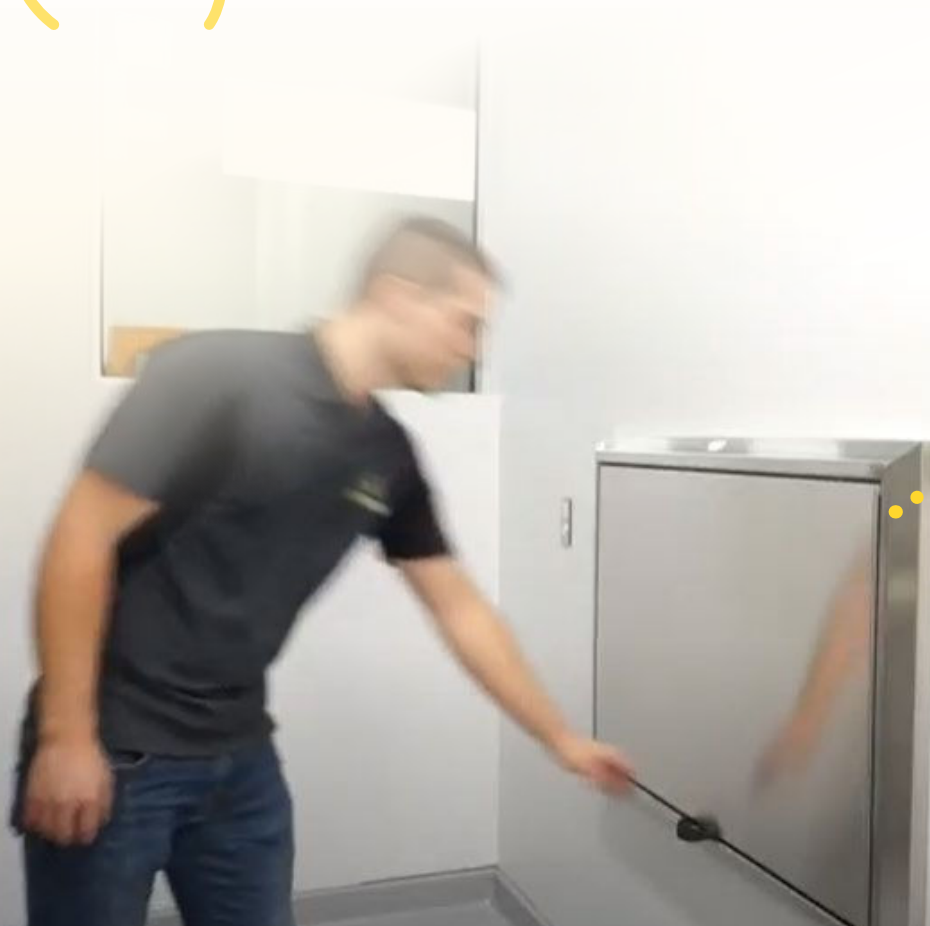

AESTHETIC

Many details has been thought-out in the design process. The light weight of our **stainless steel wall-mounted folding table** adding to our T handle mechanism that unlock all secured points at same time, facilitate the opening and the closure of the table by one hand.

The **stainless steel wall-mounted folding table** is a must have in tight spaces. Designed for the needs of veterinary clinics and shelters, it maximizes the floor space of your examination room using 2.25 inches of space in the closed position. This wall mounted retractable table has no visible fixing screws and no apparent mechanism.

**2.25 inches deep
when in closed
position.**

FOLDING WALL-MOUNTED
EXAM TABLE

PROFESSIONAL COMFORT + SAFETY

SAFE & STURDY

The **wall-mounted folding table frame is made of 14 ga stainless steel** and the **tray table is made from 18 ga stainless steel**. The durable table system allows it to have a load capacity of 200 pounds.

Balanced, the table tray will stay in place no matter the position. While its **two-point locking system hidden** under the table ensures its stability, the **roller latch secures** the table at its closed position.
